<p>Hidden Cove Listen to these relaxing sounds from a hidden cove where Redwood forests meet the Pacific Ocean. This cove is a paradise surrounded by protected forests and wilderness zones. Old growth Redwoods, deciduous trees, clearings with grasses and wildflowers, and a mountain stream attract birds in great numbers. California Quail can be seen and heard frequently, as well as Swainson's Thrush, Stellar Jays, Red-breasted Sapsucker, hummingbirds, warblers, Ravens, and more. Relax to the sounds of nature at this secluded coastal paradise. [2 Tracks; Total Run Time: 75:08 min.][B R, Gold Series]</p>	<p>California Coast Listen to the relaxing, rhythmic sounds of the Pacific Ocean along a remote coastline in Northern California. This album has one long track of surf sounds – perfect for relaxing and falling asleep. Hear each wave break on the shore, and recede back along the sandy beach with a bubbling fizz. No music or narration is added, nor are there any other distracting sounds heard. The surf was recorded in calm weather at an inlet, where a small creek meets the ocean and creates unique sounding waves. [1 Track; Total Run Time: 67:44 min.][R W T, Gold Series]</p>
<p>Ozark Mountains Take a sound adventure, deep into the Ozark Mountains during May, and experience a vibrant, southern bird chorus. These nature recordings let you experience this remote region, of the Arkansas Ozark Mountains, from predawn through nightfall. Hear wonderful melodies that delight the ear from Chuck-wills-widows, Yellow-billed Cuckoos, Mockingbirds, Woodpeckers, Indigo Buntings, and more. Each track is edited for nearly seamless looping, and recorded using the best digital recording gear available. [4 Tracks; Total Run Time: 78:40 min.][B A, Gold Series]</p>	<p>North Dakota: Prairie Potholes Escape to the bird paradise of the prairie pothole region in North Dakota, North America's most productive wetland habitat. Hear Western Meadowlarks and Lark Buntings sing, as Ring-necked Pheasants call from the grassy fields. Listen to Yellow-headed and Red-winged Blackbirds, Avocets, Bitterns, Marsh Wrens, Virginia and Sora Rails, various ducks, Pied-billed Grebes, Snipe, Franklin Gulls, Coyotes, and more. [4 Tracks; Total Run Time: 76:19 min.][B W A, Gold Series]</p>
<p>Minnesota: Land of Lakes Journey to the land of 10,000 lakes, where tremendous numbers of birds nest for the Summer season. Hear Warblers, Flycatchers, Grosbeaks, Snipe, Bittern, and more in these rich stereo recordings. The magical calls of the Loon are captured here with incredible clarity in their natural environment. The tracks are edited to allow for nearly seamless transitions during looping. [3 Tracks; Total Run Time: 78:00 min.][B R A, Gold Series]</p>	<p>Michigan's Upper Peninsula Michigan's Upper Peninsula is a peaceful wilderness rich with wildlife diversity, the sounds of nature abound. This nature CD brings you the delightful sounds of crickets, birds, frogs, a wolf, and more. The tracks are edited to allow for nearly seamless transitions during looping. Enjoy the lifelike sounds of Thrushes, Warblers, Flycatchers, Gray Tree Frogs, Woodpeckers, White-Throated Sparrows, and a light rainstorm. [5 Tracks; Total Run Time: 77:52 min.][B R A]</p>
<p>Sonoran Desert Magical places, with surprisingly abundant wildlife, are hidden throughout the extreme environment of the Sonoran Desert. This Sonoran Desert CD captures the magnificent bird choruses from lowland cactus forests, spring-fed creeks, to cool canyons high in the sky islands of Arizona. These vibrant soundscapes include the Gila Woodpecker, Cactus Wren, Gambel's Quail, Doves, Flycatchers, Warblers, and much more. [5 Tracks; Total Run Time: 78:45 min.][B A, Gold Series]</p>	<p>Allegheny Plateau The peaceful forests of the Northern Allegheny Plateau come to life with the sounds of birds during the spring breeding season. This CD captures a full day in the forests of Northern Pennsylvania, during late Spring when nesting birds are most active. Anyone who loves the outdoors will enjoy the songs of Warblers, Vireos, Flycatchers, Thrushes, and other birds in these relaxing choruses. [7 Tracks; Total Run Time: 78:15 min.][B R A, Gold Series]</p>
<p>Woodland Birds in Chorus Vol 1 Each year migrating birds, from the tropics, descend upon the North American woodlands enlivening them with their vibrant melodies. The Woodland Birds in Chorus series captures the peak Spring choruses of these Neotropical and resident birds. This volume contains some of the earlier arrivals and resident birds from pristine woodlands in Kentucky, Ohio, and Pennsylvania. Listen to Thrushes, Catbirds, Oven Birds, Warblers, Vireos, Tanagers, Woodpeckers, Ruffed Grouse, Rufous-sided Towhee, and many more. [3 Tracks; Total Run Time: 74:57 min.][B A]</p>	<p>Summer Insects Vol 1 Surround yourself with the relaxing, soothing sounds of insects heard during the hot summer nights in the Great Lake and Mid Atlantic states. These exquisite digital, stereo recordings are free from added music. True Katydid, Bush Katydid, Coneheads, and a variety of crickets and grasshoppers join in with the subtle sounds of elk, coyote, owls, and frogs. Each track gently cross-fades into the next for smooth continuous listening. [9 Tracks; Total Run Time: 75:56 min.][R T]</p>
<p>Frogs in Chorus Listen to the sounds of frog sounds found in the eastern USA. Listen to the wonderful variety of frogs in chorus, from February through June. Great for relaxation and with no background music, just nature's music. Hear Spring Peepers; Wood, Leopard and Pickerel Frogs; American and Southern Toads; Mountain and Swamp Chorus, Green and Gray Tree Frogs; Cricket, Green, and Bull Frogs. [10 Tracks; Total Run Time: 74:00 min.][W A]</p>	<p>Pennsylvania Elk Incredible sounds of Eastern Elk during the Autumn rut. Feel the spirit of the wild, as you listen to the musical calls of these majestic animals echo through the hills of Central Pennsylvania. These exquisite stereo recordings have a background of late summer insects, owls, and area wildlife, with no added music. Anyone who enjoys Elk will cherish this CD. [4 Tracks; Total Run Time: 70:42 min.][A]</p>
<p>Creeks & Waterfalls Follow a mountain creek from it's gentle beginnings, as it flows over rocks, breaks over waterfalls, builds as it merges with other creeks, joins a river, then listen to that river crash over a 60-foot waterfall. Each track fades into the next. Nearly 80 minutes of relaxing, soothing sounds of water without any background music. A favorite sleep aid CD. [9 Tracks; Total Run Time: 79:00 min.][R W T]</p>	<p>Carolina Coast Relax with the soothing sounds of the Atlantic Ocean surf along both the Outer Banks of North Carolina and Myrtle Beach area of South Carolina. The surf has been carefully recorded in stereo, edited to sound as if you are actually on the beach, and is free of music or any other distractions. Ocean waves are the most often requested sound for meditation, relaxation, as a natural sleep aid, and for Tinnitus relief. [2 Tracks; Total Run Time: 70:16 min.][R W T]</p>
<p>Lake Superior Relax with the gentle sounds of waves along the shores of Lake Superior. This desolate beach, in northern Michigan, has a unique sound created by water washing through the gravel. The surf is uninterrupted by music or any other distractions. Great for relaxation, meditation, tinnitus treatment, or as a natural background. [1 Track; Total Run Time: 65:00 min.][R W T]</p>	<p>Forest Melodies, audio DVD Enjoy the incredible life-like sounds of Spring in the forests of the Eastern United States.
